Year Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2

The Games section of work in KS1 is mostly non-sport specific as per the National curriculum, however it is broken into areas of development including; throwing & catching, fielding and team games hence the inclusion of Football (teamwork) and Tennis(partner work). The main purpose is to improve gross motor skills and special awareness while developing listening skills by responding to instructional language.
