

Dear Parents and Carers,

Despite the strange times we find ourselves in, I hope you have had some time to enjoy this half term.

Following the Prime Minister's announcement yesterday, I wanted to write to you to assure you that we will be working hard to make school life as normal and as enjoyable as possible for the children in our care over this coming term. I know that there is a feeling of unease about what the future holds but school provides a constant routine and certainty that children need. Christmas time is a wonderful time in school and although it won't quite be the same, we will endeavour to make sure that we provide the best learning opportunities and memorable experiences for all during this term.

Finally, we politely request that you strictly observe social distancing at pick up and drop off times; staff are always out there, but we rely very much on everyone's co-operation to enable this to run smoothly.

Many thanks for all your support and I look forward to welcoming you back tomorrow morning.

Mrs Hirst
