

# Together for Better

Darlington 2021 Conference

We're really excited to have this opportunity for a face to face event, for parents and professionals to identify key themes and work in partnership to find solutions. We will have representation from professionals across Education, Health and Social care in attendance. There will also be representatives from each of Darlington's SEND resource bases to give info on what the offer at their school is and a chance to have a say in what future funding could be spent on in Darlington.

Covid friendly lunch and refreshments provided.

Please join us to work together on future planning and celebrate work done so far... You'll also get a raffle ticket on entry for the chance to win tickets to a rugby match!

## FAMILY SUPPORT

We will be joined by the CCG to discuss a new family support service launching in Darlington from December and reps from the service will also be there!

## MAD, SAD, GLAD

We will be asking everyone to tell us one thing that makes them MAD, SAD and GLAD in Darlington.

## CAPITAL FUNDING

We will be getting an update from Tony Murphy Darlington Head of Education on what has been achieved so far and look at where spending could make a difference in the future

DATE- 22ND  
NOVEMBER @  
10AM-2PM
